2012 SYM Symba

SYM is one of the worlds largest manufacturers of moto scooters Established in 1954, SYM quickly became a brand recognized for its innovation and quality.

The Honda Cub has been produced since 1958. Honda and SYM partnered to produce this classic for the Asian Market and named it Symba. After this very successful relationship ended, SYM inherited the factories and kept on developing the Symba. Now you have the chance to buy a timeless classic. It has been proven in over 50 years of production. No other motor vehicle has been produced more often. Even the VW Beetle can't keep up.
